

We Come Together (Acts 2:42-47)

1. Tired of calling on the phone
Lines are busy no one's home
Drivin' in your car somewhere
Do you take the time to really care?
I'm lookin' you straight in the eye
Do you tell the truth or lie
The Spirit in our hearts will grieve
'til we've said the words that we must speak

We come together in the power of your Name
Break bread together in the Spirit we now pray
To stand together we don't want to go astray
We stay together

2. Lots of people, lots of sound,
I hear your voice, I turn around
Hoping that it's you I'd see,
You turn your head and look away from me
Friend, can I say I have needs
Life is difficult for me
Should I go into the streets
Is there someone else I that I should meet?

3. Will we see we're not our own
This ol' earth is not our home
Troubles they will surely come
It's not our will but His that's to be done
I see a time when young and old
Gather and his face behold
A love and mercy pure and true
A timeless treasure that we now pursue

Follow Me (Matthew 9:9)

1. Do you hear the teacher calling you?
(Follow Me . . . repeatedly)
He looks at you and says directly
He says its time to change your life and mind
The king of heaven stands close by

2. See him heal the sick, the lame, the blind
Follow Me (repeated...)

Heard he turns the water into wine
Teachers wonder what He has in mind
Meeting sinners with arms open wide

As we walk up mountains high and search the valleys low
We don't know what lies ahead
We simply follow our hearts,
believing in the Master

Will you trust Him when he asks
"Come Follow Me"

3. If I go with You will I travel far?
(Come, you'll see . . . repeated)
Will I have money to buy a car?
What will mom and dad think about me?

Is this show for real or make believe?

Drums: Jason Fassl, Bass: Ben Fassl

Mountains Fly? (Matthew 17:20)

1. I stand alone here in the valley of my life
And I can't help but lookin' to the hills
The urge keeps comin' over me to get a different view
The heights I see keep playing with my will
Life is rough, this terrain's tough these hills get in my way
I need some help to see my journey through
The guide I read says "Mountains Fly" but that just makes no sense
My mind keeps tellin' me that I'm a fool

You say that faith can move the mountains in my life
And I believe it's true through all the grief and strife You tell me
To take advantage of this day before it's night
So I will walk along with You and I will
Take Your words to heart forever and
Watch this mountain starts to fly before my eyes

2. A foolish man climbs endlessly and to the ends of the earth
And never sees what's right in front of him
The wise man keeps his tongue in check and listens to all things
He walks his path with understanding
The path is long and right and wrong don't always give my mind
The latitude to stop and hear your voice
But here I sit and calm my heart before this day goes on
To hear what you would say to this your son

Straining at the Oars (Mark 6)

Ridin' in a boat, workin' hard but seems we're going nowhere
We've been strainin' at the oars
Wind keeps blowin' us back to the place we were moments before
What are we workin' for
Will He pass us by? or hear our silent cry?
'cuz we don't really understand
We've been here all night,
beat up by the unseen fight
So we're callin' out to you

Help us see what we must see
Even now help us seek You and believe
Write it clearly on our hearts what You desire
'Cuz Father You are the one we want to please

2. He saw us from afar, this water walkin' man came out of nowhere
We stopped strainin' at the oars
He moves in close to us, He says "It's me my friends, don't be afraid
now"

We feel the wind die down
"I won't pass you by, I hear your silent cry
Though you don't fully understand
I'll take you through the night,
Help you in the unseen fight
'Cuz I'm holdin' on to you

I'll help you see what you must see
Even now help you seek me and believe
I'll write it clearly on your heart what to desire
For I know He's the one you want to please So I'm prayin'...

Help me see what I must see
Even now help me seek You and believe
Write it clearly on my heart what You desire
'cuz Father You are the one I want to please
Yes Father you are the one I want to please.

Life Again (Psalm 104)

1. You bring life everywhere, on the land and in the sea
To the birds in the air You're the lift under their wings
You are the only one who can rouse the morning sun to shine each day
The seas stay in their places, rivers run between their banks
Waters fall from the skies to the mountains to the streams
You are the only one who can make these wilting fields turns shades of green

But if You'd hide your face from all the land and walked away
The brimming life its creatures need won't last another day

Don't hide Your face from us O God,
Don't take our breath away
If You do, Lord, we know we'll die
And be left in the mud and clay
So Send Your Spirit to make our lives
alive and full each day
When Your hand has remade this land
we'll be satisfied with life again.

2. In a land where people vote for what is right and what is wrong
Can we choose to speak and act for this Rock we stand upon?
You are the only one who can lead us in the way that we should go
Other nations seem to fall when they turn away from You
Will your light keep shining strong so our sin is in full view
You are the only one who can cleanse us from our sin and shameful ways

If you hide your face from us and turn and walk away
The brimming life of your own people here will simply fade away
Drums: Brian Fitch, Bass: Brian Thomas

Source of all (1 Corinthians 13:13)

Buffy's on at seven tonight Waves her wand and makes things right
Sometimes I wish I could do that, too
Cubs may win or lose this game Our hearts may break it's all the same
We can't hold our breath in May or June
But Jesus on the other hand He's never failed me Irresistible,
Unbelievable He's captured me

He's given me faith, He's given me hope, He's give me love and under-
standing
That's He's the way, That He's the truth,
That He's the life
And He's the source of all that lives and moves and breathes.

2. Work is fun it buys me food it fills my time and does me good
But who you are is not in what you make.
Girls are cool I like them lots Some are great and some are not
Love is not an easy road to take.

What is left for me to do?
How can I respond and say thank You?
You gave a life to prove Your love for me is sure
I'll give my life to You for You have made me Yours
Drums: Jason Fassl

Fatherless (Deuteronomy 10:18)

I shed these tears for a man I never knew
Born in 46 he lived to be 'round 32.
I write this song of you not knowing where you are
Sad your life cut short by a drunkly driven car
Mom's so wonderful, raisin' us all on her own
Bro and Sis and I are almost fully grown
Perhaps someday we'll meet at glory's gracious gate
Did you ever find the key, I guess we'll have to wait

Does a boy raised fatherless grow weak 'cuz God defends him
Does his faith grow strong in the one whose mighty hand upholds
Him

He's making me a rock, part of a house he wants to live in
We're writing the story of my life, I know I'm believed in

2. Gone from boy to man there are still things that I'll miss
There is just one man whose love this heart can fix
It's alright for I've found that It's OK to know a Father's love in a total
different way

Though my eyes can't see Him, nor is there a hand to hold
My Father's eyes' on me and His glory I behold
I'll walk my days with Him through what I still don't know
My Father's man I'll be forever 'til I'm old

He's a Father to the Fatherless, yes He is
I believe, I believe, I believe that it's true
Drums: Brian Fitch, Bass: Brian Thomas

Psalm 95

1. Come let us sing for joy to the Lord
Let's shout aloud to the Rock of our
salvation
Let's come before Him with thanks and
praise Him with our music and sing to Him our song

For the Lord is the Great God,
the great King above all Gods
In His hands are the depths of the earth
And the mountaintops belong to Him
And the sea is His for He made it
And His hands formed the dry land.

2. Today if you hear God, give Him your heart and do not doubt
Like some others who had seen what He'd done
When they tested Him He said to them
